“ Betty was not only my neighbor she was family! I have so many fond memories that go back to her parents. The afternoon sitting on her porch watching the children getting out from school. Both parents and their children missed waving to her and was saddened when she moved. She was loved by many and will be missed. I send my love and prayers to the family!

“ My sister and I grew up next door to Miss Betty and would stop by after school everyday on our way home and sit on her front porch. Miss Betty was true fixture in our family and we loved her like family. We were so sad when she moved. She will be greatly missed always. Love to the family XOXOXOXO

“ "Betty" as we knew her was a wonderful person to be acquainted with and to know. She was a long-time friend to my cousin Larry Edsall's family. Whenever we were in her company it was always pleasant and fun. On my mantel I have a beautiful vase she gave me on my 80th birthday and I think of her with fondness whenever I look at it. After Larry's passing and the limits old-age brings on I lost touch with her. I extend my sympathy to the members of her family and once again say what a privilege it was to have known her.
