“ Our Thoughts and prayers are with you and girls. Allen was a hardworking, honest man we meet when we first moved up here from the city. He became our friend. It is a stock to us. He helped us with our septic when no one else would. He worked with us during our first 3 years up here. It was like we where old friends. If there is anything we can do please let us know. I can recall Allen saying we had the worst septic and water problem he ever saw. With his knowledge and hardwork he make it work.
