“ Hey Barb, so sad to hear about your passing. You were my first love, and I've never forgotten you. Over the years I tried, to contact you, but always was just a step behind. You are in a better place now, but you will always occupy a huge place in my heart. Love you always,

“ Barb, I will miss you terribly! You had a hard outer shell, but underneath you were a softie with the biggest heart!!! I gained so much respect for you after you spent an entire weekend trying to help a patient locate her belongings. There was no reason for you to do it other than to comfort the patient. You earned ALL my respect that day!!! Miss you!!

“ *Barbara and I worked together for so many years. We had out good times and not so good but in the end we always took care of each other and loved each other. Barbara will be greatly missed by me because she didn't have a problem speaking up at work if she was unhappy with a situation. She was one of a kind and I will so miss her favorite quotes ' my name is Barbara not stupid'. It was my pleasure to get to know and work with her and again she will be greatly missed. Rest In Peace Barb. Love Helen*
