“ I have known Bea from riding the bus for so many years. She was a very special friend and I will miss her so much. We always talked on the bus and she even one year made my birthday so very special. She took me to Sullivan's and I had lobster ravioli for the first time and also made me take another portion home. She then took me to Walmart in Newton and got me some new clothes. I always would look for her when we made the turn by Dr, Fielding's heading toward Carlton Village May she rest in peace.

“ *Once in a while someone comes into your life and leaves foot prints in your heart. Bea was one of those special ladies. From the first time I met her we hit it off. If she had something to say to you or about you it would be to your face, not behind your back. She was like my Nanny quite a lady. I will miss our talks and laughing about things she always had a way of cheering me, up when I was down. . Bea RIP My prayers are with the family. God Speed on your new Journey. I know you will be missed . Love you.*
