“ *I've never met Mrs. Briggs but through her daughter Jillinda, have come to know of her passion for her family and profession. Stories Jillinda used to tell me of her mother spoke of a woman fiercely dedicated to her career in nursing and proud of her children and grandson, James. Like many children who grow into adulthood we never imagine developing some of the same characteristics of our parents. When Jillinda spoke of her mother I was struck on how similar the two were. Jillinda spoke of her mother's dedication,, ethics and commitment to family. My deepest condolences go out to the family and especially to my friend Jillinda. - Angela*

“ Bonnie has been an amazing colleague... just a couple of weeks ago I was desperately looking for someone to switch with me so I can be home for my daughter's second birthday. No-one could do it and I was so sad that I would have to work that day. But Bonnie agreed to switch with me so easily!! She gave me an unforgettable favor - we went with my husband and daughter to celebrate her birthday at children museum and had the time of our lives. I was so happy to be with my baby that day and all thanks to Bonnie. And she was always so compassionate to her patients and always ready to help. My deep condolences to the family. So sorry I work today and tomorrow and can't come to funeral. I'll keep Bonnie in my prayers and I;m hoping she is resting in peace in God's arms...

“ At any time and any place it was like the years and miles never separated us. It has been a true friendship for us. Last month we spent the night at our Wantage reunion sitting and visiting with each other catching up on our families and talking about our parents as well as visiting many old friends. I wish we could go back to the top of the hill 50 years ago to glimpse what we took for granted. You have my and my sistersâ€™ sincere sympathy and love. Patty Killerlain Lorz
