“ Brian hired me on at Warner Lambert for my first IT job. I had minimal experience and he mentored me and provided guidance. Brian was a true hero to me.

“ I've appreciated knowing Brian since he joined Warner Lambert in 1988, and I had the pleasure of working with him until I left J&J many years later. He was a key member of the greatest team I had the pleasure to work with throughout my career and I am tremendously grateful for knowing him.

What made him stand out to me was his kindness, humbleness, and joyful spirit. He did not fit the traditional view of geeks as he had both a strong technical ability while having wonderful interpersonal skills. He was liked and appreciated by everyone who knew him. He will be missed. Thank you Brian.

“ Brian. Colleague .. friend ..  
Very far away, but at the same, always very close.  
I was a privilege to know you as a person, colleague.  
I would even call you a friend.  
I am sure you would not disagree  
Your character, you laugh, your voice is graved in our minds.  
You will be missed, but never forgotten  
Your Belgium co-worker and friend ..

“ *I knew Brian from when we worked at Warner Lambert many years ago. He really was such a nice, genuine guy. It's a shame that he has passed away so young. May he rest in peace. My thoughts and condolences to his family.*

“ I worked with Brian at Pfizer many years ago. He had a reputation as being good at his job and most importantly a nice guy and great person overall. My experience with him was always consistent with this. We occasionally connected over the years, most recently around 5 years back in one of our happy hour get togethers that the team used to have. Brian always had a fun easy going personality and I can't remember him ever saying a bad word about anyone. My thoughts and prayers go out to his family and close friends who are grieving at this difficult time.
