“ *We still talk about this day, and my boys still laugh when they remember Mikayla being a sweet, little menace at the aquarium. Then we went for ice cream after the aquarium but we spelled ice cream in front of Mikayla so we didn't fire her up for the hour ride home and Dill says, "Ice cream?!? Yeah!" And then we made him sit next to K the whole way home since he's the one that got her going. We went through a lot together. You went through a lot on your own but we were only ever a phone call away from each other. We lost touch down through the years but you called me about a year ago to tell me you loved me. I love you, too Candi.* ”

“ For 32 years I called you my best friend...you never turned your back in me no matter what choices I made..you may not have always agreed with them but you still stayed by my side...we didn't get to see each other for quite some time cuz life got in the way but you always answered that phone when I called...I wish I had known ,I wish you would have talked to me. ..I feel this weight on my chest because the past year I lived so close but never came by...I will forever hold that guilt with me.. .but no matter what I loved you like a sister...you're gone now and I just can't believe it's true.. I'll miss you so much mouse!! Fly high..until we meet again My friend...I love you Candi Lynn!!
Ps...I know you can see, please help me thru this agony!! Show me the way, to get thru each day. ♡ Sending love to you all..if you need anything please don't hesitate to get a hold of me..
