“ My deepest sympathy to Evelyn's family during this difficult time. Only through Evelyn's good graces was I accepted in the medical technology program at HH, which subsequently had a major impact on my career. Evelyn had a passion for medical technology and her students, and leaves a wonderful legacy. God bless.

“ Dear Family members and friends of Evelyn, I, too, worked with Evelyn, at HH. I met her in the 60's ; were both med techs in the microbiology lab. I witnessed Evelyn's well-deserved professional growth over the years. She was such a nice person: intelligent, dedicated, professional patient, humorous, kind; a truly good human being. I offer you my sincere condolences. Rest In Peace, Evelyn!

“ Dear Family of Evelyn - my sincere condolences on your loss.

I worked with Evelyn at Hartford Hospital. It was a family and I am so sorry we lost one of our members. I was there from 1979 to 2006 and was the Director of Pharmacy in my last role. Evelyn was a delightful, cheery colleague who was extremely dedicated. I enjoyed being around her and trying to solve problems on behalf of the patients which was a key focus for her. My thoughts and prayers are with you all during this difficult time.

*To Evelyn sisters and their families,
I have known Evelyn since I started working at Hartford Hospital in 1968. At that time Evelyn was in charge of Serology. Evelyn was always such a fun loving, enjoyable, intelligent person who could laugh easily but she was always in charge. She will be missed by all that knew her. Our sincere condolences to Evelyn's sisters and their families.*
