“ Fran was like a second mother to me and all my siblings. As our mother was one of her closest friends. We all grew up together as extended family. Too many memories to list. Our mother and Fran shared many an adventure together for sure. The tradition of extended family continued through my child and her grandchildren. They are still all connected, We can go long times with out seeing each other our 2 family's. Each time we meet up again its like no time had passed, that goes for the children grandchildren and Fran and Glenn especially. I would run into them somewhere and they would hug and kiss and chat and catch up, and every time i still feel like i was 7 years old and FAMILY and when we parted there was always the I LOVE YOU s . Even through social media I always knew Fran was still there watching and loving and being proud of me as i was one of her own by the comments she made or just the likes and loves, that told me she still looking over me. She was a very warm caring and often comical person. I shall miss her and remember her all the days of my life. My heart goes out to the children and Glenn, I pray for strength and healing for everyone. God speed beautiful second mom Franny xoxoxo
