“ I am so sorry to hear of the passing of Jimmy. You know that we had spent six years dating together back in the 70s all through my HHS years and beyond. We grew up with each other through high school. We shared many fun times and friends. There were rough times for us both and ultimately went separate ways. My mother loved him like a son. There was always a little piece of my heart left for him even though we could not change each other. My heartfelt sympathies and healing blessings to you all! He is missed but I will always remember him lovingly with his love for music and strange art pieces. Sincere sympathy and healing blessings to all from Toni DeSalvo Napolitano.
