I worked with John for many years at STTC along side of him at the shop, on the road doing service calls and his talent and work ethic was top notch in his field. And he was there when you needed him to be. I always wanted John to be my backup at night because if I got a second call I knew he would be on it if time was an issue, He was dependable and such an asset at work, at home, or on the Fire Dept. He will be missed by all.
