“ It's been two years and there isn't a day that goes by that we dont think about you. I still cry knowing how you suffered. Your strength through all your pain until the end has given me inspiration to get through the tough times. I know you are looking down from heaven watching over me and the girls. We love you and miss you. The love never dies, it's grows stronger inside us for generations. 143 . Rest I n peace

“ I know somewhere up in Heaven someone needs a helping hand and that's where you'll be. Once again you'll be able to stack firewood, climb steps, and give strength through your love and support. Thank you for all you've done John. I'll truly miss our friendship and times together talking at the cabin. I know now that I'll always have an Angel 1st class looking out for me up in heaven. Until we meet again John, you'll be in my prayers.

“ Pop pop we all miss you. I am sitting here today smiling thinking of all the happy times we have had together. I just feed the deer and I know you are looking down upon all of us. I know you would want us all to remember all the good times and I am. Having you in my life has made me a better person. Thanks for teaching me how to drive lol, and all the wonderful years of being my dad. We are all going to miss you dearly but have been blessed in having you in our lives.

“ Dear John,
I spent my last days with you since October 21st in the Hospital as many hours a day Praying for your health and return home. I was very happy to see you progressing after your first surgery. Then, waiting for another one ahead of you hoping this would make your life better but you fine the first day and then everything turned for the worst i tried everything to keep you going but evidently God wanted you to come to Heaven and leave me. I love you very much and I will always love you. We love you. We had a great life together and a great family. That misses you very much. My prayers will always be with you. Miss you so much.

I LOVE YOU

Loving Wife,
IRENE

“ dear pop-pop,

since october 21st when you first went into the hospital i was scared. Especially with all the surgeries they did to you. But the one surgery that threatened your life the most was the last surgery you had.

Mommy told me you were doing great but on friday grandma left at 5:00 in the morning again and mommy told me that you weren't doing well. when i came home i was up all night and at 9:35 i stayed in my chair and prayed so you would still be here today. Then at 9:35 you passed away i guess god just wanted you to be in heaven with him. all i know is you are in a better place now and i love you, i miss you, and you will always be kept in my heart/memories.

“ POP POP,

I Can't believe you are gone. Sarina and amber are lost without you. We all are. I know how much you were suffering and pray and know you are watching down on us smiling. The last moments, and your last heart felt words I love you brought tears to Martha, mom and my eyes. We knew you were leaving us, but holding your hand while you headed to heaven means the world to me. I pray for you everyday and you will never ever be forgotten. Your heart, soul, memories and love will be passed on and carried on with us forever. You are a legacy that will carry on. We miss you and love you always and forever. 143.
