“ It was 2009 You were working in shoprite, I started working there with you and we hit it off..... You had plans to move to NYC and start an acting career... We had so much fun together laughing n joking around (over the stupidest things) but that's what made it so great... we didn't care what anyone else thought when we were together, we just enjoyed our time together and I will forever be grateful for that, I'll always remember laying in bed with you watching movies and you doing impressions of the actors in the movie or before even watching the movie you just coming in with "The ChAmP is hErE" with your gorgeous smile and baby faced grin..... you'll continue to hold your special place in my heart ❤️ I love you always Josh....XOXO....until we meet again. ❤️Tiffany
