“ Aunt Karen you were a big part of my life growing up pretty much like a second mom . So many great memories from spending time at your house , going on many vacations together (wildwood and Florida). You always brought so much joy and laughter to the room. I’m so glad I got to spend time with you when you came down to visit and you got to meet Ashlynn and Lorenzo . They love their second grandma very much. Again thank you for all the great memories I will cherish forever . I love you aunt Karen . You will be missed everyday .

“ Aunt Karen,
You were like a second mother to me growing up always letting me sit in your kitchen for hours while I went off ranting about everything on my mind while you did laundry. Those times I will never forget and I thank you to this day for letting me have those moments with you! I’m sorry I didn’t keep in touch more with you and the family. You will be greatly missed and thought about every day!
