“ *I was fortunate enough to know Keith first as a brother in law, but more recently as a friend. We would have monthly calls and talk about time he spent in the western states, or reminisce about all the times we spent together as family. You could count on him for a quick laugh and a wholesome conversation. I will miss his wit and laughter. Until we meet again friend.*

“ Keith was my brothers friend during school years. He became my 2nd brother during that time. When I later moved to Sussex County he and his wife were my neighbors. They had 3 girls and I became Aunt Linda. Even when I moved out of state we stayed in touch. We never texted we called each other and he was always in a good mood and we could make each other laugh reminiscing old times he loved talking about vintage cars and stories about the mischief he and my brother caused in the Wayne schools. I will truly miss our conversations and I will truly miss him.
