“ I remember going to granny Muff’s house during my summer vacations. I remember all the pretty flowers and plants she kept outside by the doors entrance and going to water them with her. I also remember picking vegetables out the garden and muscadine grapes from her vineyard behind the house. I use to look at the big sunflowers planted outside and wonder when they would be ready to pick the seeds. One Nancy said they’re ready and Granny muff, Nancy and I went to pick them then we roasted them in the oven. I remember eating graph nuts for breakfast and salmon patties she cooked. Even though Granny Muff never bought me gifts as a child or took me out to eat or swim I knew in my heart she loved me, because she loved me unconditionally with words and hugs and told me about Jesus. And that is worth more than any gift. I remember a saying she had on the wall on the way out the door. It said make new friends but keep the old for the new are silver but the old are gold. And she will forever be my treasure. Until we meet again granny Muff. I love you Tricia ann
