“ Nancy was one of best friends! We both confided in each other and cared about each other! I knew Nancy for 11 years and have never met anyone as selfless as she was! Nancy was one of a kind. A person to admire and be proud of! She would always help people no questions asked and would not take help from anyone I always knew she would need help with something and just help her without her asking me to because I knew she never would. My heart is broken and I lost a very dear friend that I will miss forever. Nancy you may be gone but not forgotten. You watched my kids grow up who also miss you immensely. I wish you were still here with us but I know you were in a lot of pain and you are finally at rest and at peace. Love you always
