“ My dear brother Norman, I know you are with Mom and Dad now and you are no longer suffering. I'm so sad that you had to go now though. It just doesn't seem real to me. I wish we could go back in time and just have a whole day of our family together when we were young. That would be the ultimate gift! However, I know that can't happen but I can dream....

*I will miss you always... Please know I will see Darlene as much as I can. She misses you so badly. As soon as I can I will get back to New Jersey and stay with her for as long as possible.*

*You have the most beautiful granddaughter, little Lela stole my heart the minute I met her. Ryan is a son to be proud of. He's a wonderful young man, a great husband and father. Your daughter-in-law, Michelle, is absolutely adorable and I already love her. I love them all and I will see them as much as possible. When Eddie gets better he will as well. He has a long road to recovery from that ridiculous accident but he will get there. He and I together will hold your family dear to our hearts and souls always and will be there for them.*

*Hey why don't you and Dad go fishing in heaven and give us a sign let us know that you caught a great big fish, like the one dad did that day when we were little on the Shark River inlet.*

*I love you and forever you have a place in my heart as you always have. I will be back and write more to you as time goes on.*

Love,  
Sis
