“ My condolences to the entire Lasslett clan. I worked with Dick for many years at J&J. He was a knowledgeable engineer, great co-worker, and a terrific friend. Dick was probably the most humble, caring, and giving person I have known. He was always willing to lend a hand to help anyone at work or outside of work. He was the living example of someone who would "give you the shirt off his back" to help you. He was missed the minute he left J&J and will be more so even now.
