“ I have six decades of memories, and at least one decade was of romping all over the woods with Bob. We had great times enjoying nature, 'adopting' geese, talking or just silently being together. And then there was one summer of awful poison ivy that we shared... Plenty of time in the lake and pool, too, where we would spend hours each day laughing over antics. The comfort of having both a friend and brother may be taken away, but not of having had one. Bob will forever live on in my thoughts. Hold on to his memory, and know that he is always with us. My greatest sympathy to the whole family. Love you, Susan (I will share a photo soon.)
