“ Blessings to Mandy, Trish and Bill. Star is at peace. No more struggling , no more pain. No more tears and no more fears. Reunited with loved ones above and released from the body you were trapped in for these past years. We worked together, shopped together, hung out together and disagreed together. But at the end of each day we laughed about it all together. You may be gone but you will forever live in my heart. Thank you for many years of laughter. Mandy you were her rock.
