“ I didn't even know Tara had passed away. I haven't seen or talked to her in years. The last time I ever saw and talked to her was when she was still living in Garnerville NY. I had went to school and had dated her son Rusty Mann back in the day. Her daughter Raven was still only a little girl back then and whenever I was able to come visit she would always want me to play with her toys with her. Her other daughters Freedom and Honore were also cool. I doubt any of them even remember me cause it's been so long since I've seen or talked to any of them. Rusty, Raven, Honore and Freedom I send my heartfelt condolences to you and the rest of your family and friends.

“ Many years ago, I was a friend of the Henthorn Family. They had a German Shepard named Keifer. One day I was over their house with Tara and for no reason at all he became quite aggressive, to the point that Tara and I climbed up on the kitchen table. The wall phone was too far away for us to call anyone and every time we moved he would growl. We were stuck on that table for quite awhile until Dorothy came home from work! I have never forgotten that day and think of it from time to time.

I'm so sorry for your loss. Kerry

“ I could write a billion memories! I loved her so much growing up! She was always nice to me. I remember her telling out the window for me and you (raven) to come inside from hangin out in the circle or playing manhunt. Somehow whenever we ended up in her room she was always watching tales from the crypt. Any time I see it on tv makes me think of her. These are the ones that stick out the most... I'll keep writing more as I think of them! ❤️
