“ *Tony was a great brother he had your back no matter what. Growing up we had our share of fights, but when he finds out that one of his brothers or sister needs him he step in and fight for you no matter what. He loved to work on things and he was very talented I wish I had his talent, even though I was 3000 miles away I watched thru his post as he transformed his basement I never got to tell him he did an amazing job. I love you bro*
